

INFRASTRUCTURE & FACILITIES

The philosophy of the College towards its infrastructure is explained in the following perspectives. The infrastructure of Kaliyaganj College reflects its commitment towards the poor, needy and economically weaker section of people along with differently abled members of its stakeholder fraternity. The infrastructure of the college is student friendly, eco-friendly and differently-abled friendly. Keeping in mind the mobility needs of the differently-abled students, roads and ramps have been installed to facilitate their movements within the college building. The college also has wash rooms for differently-abled students. All the infrastructure of Kaliyaganj College focuses on reducing environmental wastage and maximizing harmony of nature with modern facilities.

The room is fully air conditioned and has a seating capacity around 50 people. The room is extensively used for meeting, peer talk, video conferencing etc purpose.

Green Infrastructure

Kaliyaganj College has adopted many green cover initiatives, thereby enriching the eco-friendly ambience of the Campus. A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the college campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of the mankind.

Kaliyaganj College always concentrate on planting trees and making the environment green. The campus has nearly 300 trees and a big pond to support flora and fauna species and to support green initiatives.

Parking facilities are created for two and four wheelers separately for both faculties and students outside the campus near entrance. Security people are assigned duties on every turn to ensure restricted entry of auto mobiles in no parking areas.

The college has made many efforts to achieve plastic free environment. Circulars are given to minimize the usage of plastic by all stake holders inside campus. Posters are placed in different areas within the campus to motivate and to create awareness among our stakeholders to avoid plastic inside campus. Dustbins are also replaced with biodegradable plastics and steel dustbins to promote ban on plastics.

Staff members and students use bicycles inside the campus to reduce CO₂ emission and maintain fresh

air inside the campus. The students and the faculty are advised to use pedestrian friendly pathways for convenience and safety. Landscaping with trees is designed either side of the pathway to provide shade for the pedestrians while walking, to add greenery and to control pollution inside the campus. The college has installed pipeline system for the circulation of gas in the Physics and Chemistry laboratory to reduce emission. The college has signed a MoU with Kaliyaganj Municipality for solid waste managements. The college has Rain Water Harvesting projects, which collects rain water and used it in a scientific manner.

From 2020-21 onwards, the college has conducted Green Audit every year to promote various projects for environment protection and sustainability. The college has established an ECO Club for the purpose of increasing ecological and environmental resources in and around the locality. Students and staff are invited to get membership in this innovative activity.

Health Infrastructure

Health Care Unit

Kaliyaganj College has a small Health Care unit to provide medical support to needy students and staffs in emergency. The main facilities at the health care unit include a visiting doctor who visits the campus twice a week.

Gymnasium

The College has its own gymnasium located in the ground floor of the Rabindra Bhavan Auditorium. The gymnasium possesses equipment for free weight exercises, bodyweight exercises, gym ball exercises/Swiss ball exercises, resistance band exercises, resistance machine exercises and stretching exercises. Special training session are conducted under the supervision of expert fitness trainer. The gymnasium remains opened from 7:00 AM to 5:00 PM on every working day.

Counselling Room

The college has a dedicated counsellor to cater the mental health needs of our students. The students can registered their names and book an appointment for counselling at college office, whenever required. Students can avail of the services of the counsellor in College once in a month.

Residential Infrastructure

Boys Hostel

The College has an in-campus Boys Hostel located within its campus to accommodate twenty (20) male students who come from the different parts of north bengal. The seats are divided across various semesters of the different courses offered by the College. The Hostel has furnished rooms, separate dining hall, common room and lawns attached to its premises.

Girls Hostel

The College has an in-campus Girls Hostel within its campus to accommodate twenty five (25) female students who come from the different parts of north bengal. The seats are divided across various semesters of the different courses offered by the College. The Girls Hostel has furnished rooms, separate dining hall, common room and lawns attached to its premises.

Sports Infrastructure

The College has been excelling in outdoor and indoor sports for over last few decades. The College has a big play ground used for playing Football, Cricket, Track and field, Badminton, Basket Ball, Volley Ball etc. Besides this, the boys' common room is equipped with indoor sport items like Caram Board, Table tennis board and Chess. Every year the College holds Annual Sports. For proper training and grooming of players the College provides coaching facilities to the players for different games. The College has teams for Cricket, Football, Badminton, volleyball and Athletics.

Student Recreation Infrastructure

Girls' and Boys' Common Rooms

The college has separate common rooms for Girls and Boys with attached wash rooms. These rooms are furnished with sitting chairs, tables, fans, lights and other amenities.

Canteen

The College operates a fully functional canteen to serve hygienic food to the students and staff. The canteen has a seating capacity of seventy five people. The College Canteen is a popular meeting place for students serving a variety of dishes at low prices. The ambience of the College canteen reflects the youthfulness of its visitors with its elegant tables, cozy chairs and colourful graffiti.

Cooperative Area

The college cooperative area is a central element of student life. This space has been designed to give students a place to relax, study, and have informal discussions in their leisure time. Kaliyaganj College has some spacious, airy and comfortable common spaces for the students. They are located in front of -the main gate, college office, the canteen, and central library. This ample of open space creates an environment for healthy recreation and promote social interaction among the students.

Security Infrastructure

Kaliyaganj college ensures adequate lighting, CCTV cameras and security patrols within the campus

to prevent theft, vandalism and assault. The entire college, including the hotels are under CCTV surveillance. In addition to this, trained security guards patrol the campus to ensure the safety of all individuals and property. All entry and exit points, as well as other critical areas of the campus, are monitored 24/7 through a combination of security cameras and on-ground patrols. All students shall visibly display valid ID badges while on campus. Visitors to the campus are required to register themselves at designated entry points. The college has adopted a zero-tolerance policy towards violence, harassment, and discrimination and conducts regular security audits and risk assessments to avoid any miss-happening on the campus. Time to time, the college conducts workshops and awareness campaigns on personal safety, including self-defence techniques, safe socialization practices, and risk avoidance strategies.

Utility Infrastructure

Parking

The College has two separate parking places in the campus. The first parking lot is located near the main gate and it is used by the students and staffs for parking of bicycles. The second parking lot is located on the back side of Central Library and it is used for the parking of motorcycles and cars. For regulating entry, parking pass are issued to the bonafide users.
